INTEREST IN CHARTER ELECTION

BY VOTE BEING CAST TODAY. GENERALLY CONCEDED THAT CHARTER WILL BE REJECTED BY THE PEOPLE.

Heavy vote is being polled today against the ratification of proposed commission charter enacted by the legislature of 1915, which provided that the same should be effective until ratified by a majority of all qualified voters of Daytona.

Most people agree that the charter is lamentably defective, a vote being cast on the supposition that it will be an improvement over the aldermanic form of government now in vogue. A majority of the people of Daytona appear to be a commission-manager form of government and a great number of comparatively seem to be cast their vote against the "Orlando" charter, as they know another vote will be held February 9 to elect charter commissioners to draw up an acceptable charter, in all cases a commission-manager form of charter, after lines now in St. Augustine.

Due to the agitation raised over the unusually heavy vote being polled today. There are 606 electors on the registration list and it will require 304 of this to ratify the legislative enactment.

At 5:00 o'clock this afternoon 410 had been cast.

At 4:41 o'clock.

MILLAC COMPANY'S PRESIDENT LEAVES FOR JACKSONVILLE

The millionaire president of the automobile company, of DeLand, Mich., Henry M. Leland, whose name here was noted exclusively in the Morning Hotel News, left early this morning in his eight-cylinder car on his return trip to Jacksonville. President Leland had been taken a run down to Rockledge at several places that he abandoned the project. It is probable that he will proceed later to Belleaire, where he intends to spend some time.

President Leland arrived in Daytona yesterday evening accompanied by his secretary, Richard Harpst, and a male nurse. The party stopped at the Despland hotel.

President Leland has journeyed to Daytona to recover from the effects of a hip. This is his first visit to "Land of Flowers," but from all indications, it is to be expected he will come again soon.

Stella Smith, daughter of Dr. Dean T. Smith, who had returned home for the holidays, returned to Stetson university, DeLand, in company with Miss Anna McClellan, who had also been here during the holidays. Mrs. McClellan is taking them to the county seat.

SURE HOTEL EDITION WILL BE A SUCCESS

MISS MARIE E. ERWAY SENDS GOOD WISHES FROM CORTLAND, N. Y.—IS PLANNING TO COME THIS SEASON.

Miss Marie E. Erway, of Cortland, N. Y., who spent some time at Daytona Beach last season and who wrote some very interesting descriptive articles for the Gazette-News after her return North, is planning to come to Daytona again this season.

Miss Erway, writing from Cortland December 29, says:

"I am enclosing a clipping from the Cortland Standard of December 27, concerning my plans, but as my father is ill at present I am unable to start South just yet, but am in hopes to start next month."

The clipping referred to reads as follows:

"Miss Marie E. Erway, of Maple avenue, after the first of the year will assume her duties as traveling representative for perfumes and toilet articles, flowers and other specialties. Miss Erway has a choice of a three months' route through the South to her Florida headquarters or to go directly to Florida and cover the territory on her return North. She has not as yet decided concerning this."

Miss Erway further says: "We are having a heavy snow storm and the promise of a big blizzard to usher in the New Year. We have already had two hard blizzards this winter and one is awakened mornings by the sound of snow-plows and shovels, instead of the waves on the sands of the ocean beach. I cannot say that I enjoy snow much any more. Sleigh riding with the thermometer below zero does not appeal to me like a bicycle ride along the ocean beach at low tide."

"I hope to return to Daytona next month and if my father's health permits, will certainly do so. Best wishes for the Gazette-News during the coming year and I am sure your hotel edition will be a great success."

MANY THOUSANDS ARE DEAD FROM GRIPPE IN U. S. IS THE REPORT

WASHINGTON, Jan. 4.—The present epidemic of gripe which has fastened itself on practically all of our northern cities is believed by officials here, to be the most wide-spread and severe in the history of the nation. It is stated with authority that the fatalities approximate 1,000,000.

Philadelphia, alone, reports 211 deaths and New York, Boston, Chicago, Seattle, New Orleans, San Francisco, Cleveland, Detroit and other cities tell of hospitals over-flowing with record-breaking fatalities. Savannah has a death-roll of 42 persons from pneumonia during the month of December.

M'NEELY IS REPORTED AMONG THE MISSING IN LONDON DISPATCH

WASHINGTON, Jan. 4.—Through Secretary Tumulty, President Wilson today announced that immediate action would be taken in the submarine controversies as soon as complete information could be obtained. He also stated that the administration is doing all in its power to secure the necessary facts in the least space of time. Senator Stone assured President Wilson recently that congress will do nothing to interfere with the chief executive's submarine program. He declared, however, that he expected early action on Senator Hoke Smith's resolution to investigate Great Britain's interference with American commerce.

KAISER OPERATED ON FOR BLOOD-POISONING

AMSTERDAM, Jan. 4.—A private dispatch received here from Germany states that the Kaiser is suffering from blood-poisoning. Prominent surgeons have operated upon him twice, but without any encouraging result. His condition is daily becoming worse.

Crown Prince Frederick will be temporarily entrusted with the imperial power unless his father improves rapidly in the near future. The Kaiser's proposed trip to Constantinople on January 15 will have to be abandoned by order of his physicians. The chancellor is the only person, outside of the family and his doctors, who is allowed to see the emperor.

Inquiries as to what was meant by the word "action" have brought prompt reply. No further lengthy diplomatic exchanges will be tolerated. Germany and Austria are to be told plainly that they have openly violated their promises and that the United States will no longer permit our international relations to be subject to the whim of the young officers who are in command of submarines. Continuance of friendly relations must hinge on the immediate abandonment of submarine attacks upon passenger-carrying merchant vessels.

RUSSIANS TAKE OFFENSIVE.

LONDON, Jan. 4.—A message received here states that steady progress is being made by the Russians in a great offensive movement along the frontier of Bukowina. It is officially reported that the Austro-Hungarians who hold the line northeast of Czernowitz, are falling back. Soldiers of both sides are suffering frightfully from the bitter cold weather.

CLARENDON CANNON BOOMS OUT WELCOME TO COMING SEASON

The Hotel Clarendon officially opened today at high noon when a gun boomed out the salute of the season and the four flags crawled to the top of their respective poles.

Quite a crowd of guests and employees stood below in the road and watched the ceremony. The cannon was fired from the roof at precisely 12:00 o'clock.

ASSIGNMENT OF VEHICLES AT THE PASSENGER DEPOT

R. L. Evernden, F. E. C. railway station master in this city, posted Monday the season assignment of positions at the passenger depot of hotel conveyances and vehicles for hire. A note in connection with the assignment states that all vehicles not given a position through application at this time must keep outside the depot grounds. This applies only to for-hire vehicles and not to private conveyances.

If you read it in the Daily News it is pretty apt to be just that way.

WEAKERS AT CITIZENS' MEETING DISCUSS NEW CITY CHARTER PROPOSITION; REV. MR. JACKSON BLAMES MORNING JOURNAL FOR OMISSION OF "OR" FROM QUOTATION

At the mass meeting held in the Citizens club building last evening the opponents of the commission form of charter to be voted upon today were introduced by S. H. Gove, president of the Citizens committee. The first speaker was Rev. S. L. Johnson, who strongly denied that he was for the commission form of charter to be voted upon today. He continued "This afternoon the morning paper came out in a statement that I had misquoted the law—I absolutely positively copied every word of the law from every section quoted absolutely as it was written and it is in the hands of the Journal. The word "or" was left out by the Journal and was left out by the Journal in some way and not intentionally so on the part of that paper. A person, or paper, that would do a thing like that without investigating that is certainly the act of a drowning man grasping at a straw."

Commissioner Robertson, of Orlando, was the next speaker on the program. He gave a short resume of the commission form of government done for Orlando.

Commissioner Robertson was followed by Commissioner Johnson, of Orlando, and stated at the outset that Commissioner Robertson had stolen his speech on their way up from Orlando. Commissioner Johnson declared that if the audience was a fair sample of the people of Daytona who moved in the commission form of government that he would sooner be in the penitentiary with them than with the free earth with the "gang" that is out there. He also declared that he had been to Daytona on a few occasions and that he knew but few people here.

The next speaker introduced was T. Nelson, who commenced by saying "I see where there was a report in the evening paper (Daytona Daily News) which looked very good on the part of it—balance sheet you might say—and one of the items where they had paid a deficit—last year's deficit out of this year's taxes. Now, it is a fact, that is very commend-

able on the part of some one. I think I see a gentleman here in the audience who is on the finance committee and I hope he will not feel offended if I ask him a plain question—because I think he is a man who will answer it truthfully and correctly. I would like to ask Mr. Stevens—and, by the way, I hold Mr. Stevens in quite high esteem, and if I hand a few people something tonight I don't want him to think he is among the few, because I think he is on the level. The question I will ask Mr. Stevens is if he can tell me whether or not the deficit which was paid for last year out of this year's levy will have to be paid by handing in another deficit at the end of next year.

Mr. Stevens promptly answered this question with, "It will not—no, sir—we are going to break even, if not more."

Mr. Nelson was visibly disappointed at this straightforward answer, and reluctantly admitted "That is agreeable—I will admit that."

Following this Mr. Nelson declared that the chief executive of Daytona (Mayor Titus) would stand on the street and in the presence of citizens would make the statement, "I am the boss now, and I will show them I am the boss yet."

Continuing, Mr. Nelson stated that there are two newspapers in this city—one placing this commission form of charter before the people in a fair and impartial manner. "We have another one," he said, "that is not doing that—they do not use such fancy names as the other—this paper says they are all sore-heads—I wonder why it don't try to be a little bit fairer—I wonder why the Gazette-News is always on the opposite side, not only on this question but on every question. Take it eight or ten years ago—that was before I got to Daytona—but when they tried to establish the municipal waterworks the Gazette-News came out and it gave all kinds of reasons—one particular issue came out and gave ten reasons why the waterworks would not be a success, and upon the authority of Mr. Rogers—D. D. Rogers—we would not have to be here tonight, for every one of the ten reasons that were given by this newspaper were wrong and you and I know they were

wrong then and they are wrong today.

"In regard to the auditing—a short time ago the Gazette-News said the books had been audited, when, as a matter of fact, the books that had been audited was simply the treasurer's book, or voucher, by one of the employees of the city treasurer. Now, that is not a fair thing to put before the public, that the books had been audited, when, as a matter of fact, the complete and proper audit of the books here in Daytona would take not less than sixty days with the working of two expert auditors—sixty days and perhaps more—at an expenditure of fifteen hundred to two thousand dollars—and it would be well worth it for this city and the citizens, because the Lord only knows what that audit would show. I think you would get your money back."

Mr. Nelson then proceeded to lambast the members of the present city council for not appropriating funds for the "Florida First" advertising scheme. He declared that the secretary of the Orlando chamber of commerce had gotten more than a dozen inquiries from this form of advertising. Mr. Nelson was of the opinion that the council should have appropriated \$330.00, the amount asked for, so that the Daytona chamber of commerce could have gotten a dozen inquiries.

Mr. Nelson then bitterly arraigned the people responsible for the lighting of the Esplanade Burgoyne. He declares that these lights were all lighted after ten o'clock at night, and that they would still be "lit" if you went "gunning" at four or five o'clock in the morning. He stated that there were more than twelve hundred dollars spent for street street lights, and that there is more than one form of "graft."

In conclusion he was of the opinion that there were a great many things to be eliminated, and dealt with the "nigger" franchise.

Rev. D. H. Rutter, who came down from St. Augustine purposely to address this meeting, declared at the outset that "I am not in any manner speaking against the commission-manager form," and then gave a short address on the merits of the proposed charter. He further stated that he had a letter from General Foster stating that he was overwhelmed with business was the reason that he was not here tonight. The letter stated explicitly that he was overwhelmed with business and also that he felt that he was unable to come here. He also said that "being a state official" it would not do for him to inject his views into a municipal contest in

which he was not interested; not because he was opposed to this form of charter, but because he was overwhelmed with business, this being the end of the year. He also declared that the men standing back of this form of charter were not going out to buy any man with a pint of "booze."

Mr. Osborne was the concluding speaker. He was the recipient of a great deal of applause when he stated that he was now on the water wagon. He had nothing but abuse for the present city executive (Mayor Titus) and declared that he (Mr. Osborne) had been over to DeLand to see the sheriff and the county judge in regard to his knowledge of what he alleged was to be the free distribution of "booze" at the armory on election day. He also stated that on his return he met Mayor Titus on his way to DeLand, and he supposed that he had been called over there to receive instructions. He expressed the opinion that there will be no "booze" dispensed.

Daily Thought.

Manners must adorn knowledge and smooth its way through the world.—Chesterfield.

Why is it that the last words of the great are so much wiser than any they uttered while in good health?—Exchange.

Lay Out Their Time Poorly.

A lot of men are so busy planning for tomorrow that they never find time to do the things which they yesterday planned to do today.

Measure of Happiness.

A woman is happy when she thinks she is better looking than the lady cashier at the downtown cafe where her husband gets his lunches.—Portland Telegram.

Did It.

An old countryman, being congratulated by the rector on the fact that her only son had enlisted, said: "Well, sir, after all, it was only to be expected, for, sure, the old proverb says: 'Train up a child and away he goes!'"

"I see," said Mrs. Blinks, "that a woman is going to buy a seat on the stock exchange, and I don't see why some of those horrid men don't get up and give her 'heirs.'"

Guarding Against Typhoid.

In order to guard against typhoid fever, food of all kinds should be kept covered or wrapped and out of the reach of flies, and uncooked foods as a general proposition should be avoided.

**LIFE IS DULL ON
BLOCKADE BOATS****British Sailors Off American
Coast Are Restless.****NOTHING TO DO BUT WAIT**

Sailor on Cruiser That Sank the Emden Tells of His Dislike of Barnegat and Describes Hardships That Affect the Men—Fresh Vegetables Hard to Get, and Food Is Not Good.

Life is one damp, cold thing after another for the crews of the British blockading fleet that lies outside our three mile line waiting for the German ships that never come out. According to at least one of the sailors, it is worse than life in the trenches. The monotony of loafing in the swell of the sea watching for some little freighter from South America that must be held up and searched is getting on the men's nerves.

Their food is of the old fashioned lime juicer quality except when some daring sea grocer manages to bring a cargo of supplies alongside, and even then, with December seas running, it's a gamble whether the fresh vegetables from Barnegat or Norfolk will reach the cook or Davy Jones.

One of the British cruisers engaged in the peaceful blockade of our north Atlantic ports is the Sydney, which ran the German raider Emden ashore on an island in the Indian ocean and shot her to bits. After that the Sydney roamed the North sea looking for German submarines, and last month she was ordered off New York to relieve the cruiser Iris in keeping tabs on commerce.

Clew in Zealandia Mystery.

The letter below, written by a member of the Sydney's crew, seems to throw light on the Zealandia's adventure, but it is more interesting in showing how the British seaman hates the job of watchful waiting off our nearly neutral shores:

"It looks as though we were to spend another Christmas on the briny deep. It has been terribly cold out here, and we have had a hard time of it."

"The other night we ran short of coal and had to shoot down to Bermuda and after getting there had to wait a long time for a collier. We got our bunkers filled next day and had to come back here."

"Of all the places in the world, Barnegat, or whatever they call it, is the worst."

"If it ain't blowing it's snowing or raining, and there is a continual swell running that keeps your insides snug against your main companionway for days at a stretch."

"There's nothing to do but hang on and off, watching for some bug of a freighter that's expected up from somewhere in South America."

"The only excitement we've had was the funeral of poor old Rob Siddons. You remember we three were together in Chatham last year, after I had been invalided home from the sub patrol on the Dogger? Rob has been ailing for months, but he wouldn't quit. To tell you the truth, he was too bloody old to stand the strain. So we dropped him over, and there was hardly a dry eye aboard."

"We sank a shot with him and his hammock, and we could well spare it, because we don't ever expect to need any off here."

"Give me the life in the North sea chasing perrys (submarine periscopes). You could get a bit of thrill doing that, and it was worth while getting hit. Out here you might as well be on a training ship."

Men Sickly and Unhappy.

"The men are mostly sickly, and you can't exactly call them happy. They have nothing to think of except the arrival of the cutter with papers and letters. Lord save us from another job like this."

"I suppose you heard how we lost a man over the side who was reaching for a sack of lettuce or something. He shot down between us and the rotten little tug so quick that there was no chance to save him."

"Norfolk may be all right for those interned Germans, but it's a bad place from which to ship us greens in this sort of weather. It was much better when we laid off Sandy Hook. We got things regular then. They say we will either have to go down around Galveston, stay here or go to Halifax if we want anything like a rest. If you get news of where we are to go, as you probably will, send some note paper so I can write my Christmas letters."

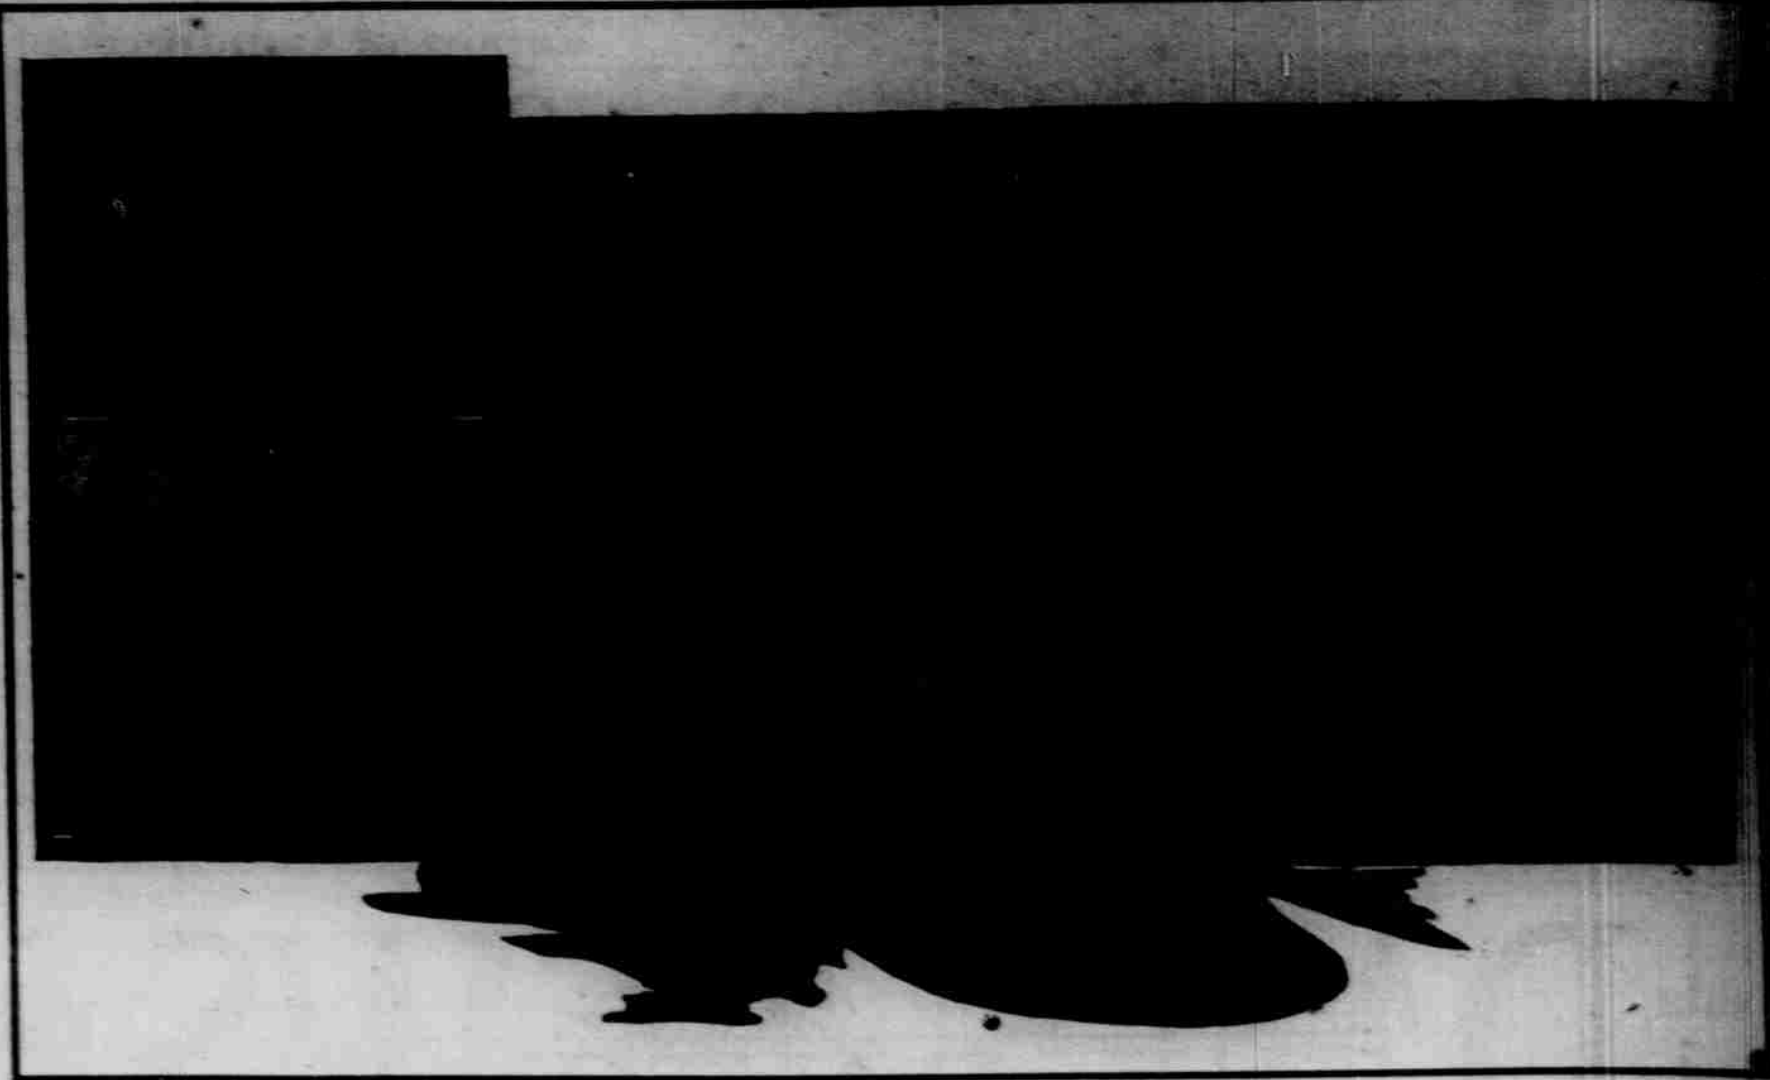

"I wonder if you heard about any ship being run down about three days ago not far from Sandy Hook. We had a narrow squeak, although we laughed afterward about it."

Guns Brushed Her Poop.

"It has been very hazy lately, and the other night it was exceptionally thick. We spotted an old cargo boat that looked suspicious and bore after her."

"In the fog the old man must have misjudged her speed or ours, because we ran so close across her stern that her propeller beat against our side and our guns swept right over her poop."

"Well, the gang on that ship will be taking nerve tonic for a month, I guess. We couldn't pick her up again it was so thick, but we heard afterward that she was the same bloody ship we anchored alongside in Progress—the Zealandia or some name like that."

**CLARENDON OPENS
FOR GUESTS TODAY**

Assistant Manager C. J. Root arrived yesterday at the Hotel Clarendon. He is quite as optimistic as E. L. Potter concerning the coming season. In talking with a News representative he said: "It is my belief that the horrors of the old-fashioned winter will ravage the North and literally drive vast numbers of people to the Florida East Coast. A great epidemic of gripe and colds is already sweeping New York, Boston and Chicago." The management of the Clarendon will give the annual ball to the hotel crew tonight in the main ball room. The orchestra of eight pieces is scheduled to arrive this afternoon and will furnish music for the dance. Ninety of the hotel force reached Daytona Sunday and more are expected during the week.

Among the guests who arrived today are Mrs. Clarence Dillon and her two children, from New York; Mr. and Mrs. Matthew Bender, of Albany; Mr. and Mrs. George Allen, of Akron,

Ohio, and Mr. and Mrs. George Thorne, of Chicago.

Most of the above mentioned guests will spend the entire season at the Clarendon and some have been patronizing the hotel for years. C. H. Hayden and Mrs. Fluton, his daughter, who have been stopping at the Princess Issena, will also move to the Clarendon tomorrow. Mr. Hayden is from New York.

Practically the same force as last year will be on duty at the hotel this coming winter. The only change being in the dining room. Daniel F. O'Keefe, formerly of the Ridgewood, will occupy the position of head waiter. The rest of the crew includes W. P. McLaughlin as room clerk, Thomas L. Harrison as cashier, William B. Manley as bookkeeper, John J. Johnson, Jr., as mail clerk, Miss Annie McKenzie as housekeeper and Benjamin F. King, Jr., as chief chef and steward. King has been with the Clarendon for many years. He acted as steward in the old building before the fire.

The hotel staff are all veterans and number nearly 150. The quantity and quality guarantee comfortable and efficient service for the guests.

Mr. Potter said: "It is my plan to

have weekly clock-golf tournaments and also a tennis tournament at the height of the season. I have provided a place for the audience where neither rain nor sun can reach them."

The Clarendon ball will take place on Saturday evening, January 8, commencing at 9:00 o'clock. The regular Clarendon orchestra of eight pieces under the direction of H. A. Tucker, will furnish the music, while the new grill orchestra of three pieces will entertain those who seek refreshment. Invitations for the ball have been mailed and the management expect a goodly number in attendance.

Dinner is to be served from 6:30 to 8:30 o'clock in the main dining room. The steward and chef will make an extra effort in producing a fine menu.

For Real Enjoyment.

Get out of yourself, and fling yourself into the service of someone else.—The Bishop of London.

Her Criticism.

Wee Mabel had a little disagreement with her grandmother one day. She was relating the affair next morning to her parents and in conclusion she said with a sigh, "Well, grandma is certainly a very twee lady."

**PONCE DE LEON OPENS
THURSDAY, JANUARY 6**

ST. AUGUSTINE, Jan. 3.—With the opening of the Hotel Ponce de Leon, which will be a feature here on Thursday, January 6, the busy tourist season may be considered on its swing. Manager Robert Murray and his assistants have been busy for several weeks past getting this palatial hotel ready for the formal opening and the reception of guests and also making reservations for a large number of opening bookings.

The opening of the tourist season is most promising and all indications point to future prosperity for this city and its people. The city authorities are entering upon their fiscal year with broad and comprehensive plans for much development. The chamber of commerce also starts the new year with many plans afoot for the future growth and development of the city.

thinking about you entirely."

"GET-ACQUAINTED MEETING"

AT CHURCH GREAT SUCCESS
The entertainment given New
Year's night in the basement of the
Daytona Beach Methodist church by
the young men's and ladies' classes
of the Sunday school, was a very suc-
cessful affair. A large number came
in to spend the evening and thus en-
joy the refreshments and songs.

After those in attendance were well
introduced to each other, several
beautiful selections were sung by Mrs.
I. W. Ramsey, which were greatly en-
joyed by all and games were played
during the remainder of the evening.
At 9:30 o'clock the people disbanded,
leaving for their homes.

NEWS PUBLICATIONS' COMPETENT STAFFS ARE NOW COMPLETE

PROBABLY NO OTHER PAPER IN A CITY THE SIZE OF DAYTONA HAS SUCH A FORCE OF TRAINED NEWSPAPER MAKERS.

The Gazette-News publications are now in full swing for the season. The Morning Hotel News appeared for its initial issue for the season New Years; the Daily News (evening) is on its second month of the season; the weekly Gazette-News is of course almost as old as Daytona itself.

The staff of the three publications is made up of trained newspaper makers, probably without equal in any other city the size of Daytona, is now complete and is as follows:

- T. E. Fitzgerald, general manager.
- W. C. Kelley, managing editor.
- Chas. S. Harris, city editor.
- Eugene Jones, telegraph editor and special assignment writer.
- Joseph I. Greene, editor Peninsula department.
- Miss Irene Keating, Peninsula hotel and society editor.
- Miss Katherine Ganley, society editor and hotel writer.
- A. V. Robson, hotel writer and verbatim reporter.
- W. B. Collins and D. C. Eberhart, advertising.
- A. F. Hutchinson, circulation manager.

Miss M. A. Stout, editor Hotel Ormond department.

The mechanical force of the publications is as competent as can be secured and is as follows:

- J. A. Crombie, linotype operator.
- T. H. English, linotype operator.
- C. A. B. Tice, linotype machinist-operator and pressman.
- E. A. Burnette, make-up.
- Paul Wagner, ad compositor.
- Clyde Freeman, press feeder.

Eugene Cox, (ebony-hued individual of Ethiopian ancestry) mailing room employe and office "goat."

In addition to the reportorial, business and mechanical forces, the last, but not least, in importance in the publication and distribution of the publications is the efficient force of carrier boys, as follows:

- Henry Pope, Carlisle Moore, Harold Stinson, Donald McDonald, Royal (colored), better known as "Germany."

WILLIN REJECTS FERRY FRANCHISE GRANTED TO HIM

COUNTY COMMISSIONERS INSTRUCT SHERIFF TO ENFORCE LAW—MATTER MAY GET TO FEDERAL COURTS.

At the meeting of the county commissioners held in DeLand Monday evening Luther Willin, of Daytona, notified the county commissioners that he refused to accept the conditional franchise granted him at the previous meeting, and withdrew his application.

The county commissioners at the December meeting granted Mr. Willin a franchise to operate a ferry across the Halifax river for a term of five years and provided that the ferry must be operated ten months of the year on a 30-minute schedule. Mr. Willin objected to the 30-minute schedule proviso and so notified the commissioners. He withdrew his application Monday night, and the county commissioners instructed Sheriff Smith to enforce the law if Mr. Willin conducted the ferry.

Attorneys for Mr. Willin contend that there is no penalty for operating without a franchise from the county commissioners, and raise the question as to whether the county commissioners have any jurisdiction as long as the boat lands only at docks in the river. In other words the question resolves itself into the legal proposition as to whether or not the government solely does not control the operation of boats, whether ferry or otherwise, in a navigable stream. From present indications it seems not at all unlikely but what the matter will eventually be threshed out in the federal courts.

COMMISSIONERS TO APPOINT ENGINEER

The board of county commissioners decided this morning to hold a special meeting in a few days at which time an engineer to have charge of the hard-road construction in the Halifax road district will be appointed. Several propositions on the subject were before the board today and the commissioners decided that it would be advantageous to have more time to go further into the matter.

The January meeting was devoted entirely to routine business. In fact, Commissioner Maley stated that "It was the tamest meeting of the commissioners" he had ever attended.

Nearly a million dollars have been voted for good roads in Volusia county.

The "SILENT SMITH"

—Model 8 shows what should now be expected of a typewriter.

Ball Bearing; Long Wearing

The success of the L. C. Smith & Bros. Typewriters has been due to the fact that the wants of the user have dictated its construction. The user has decided in favor of certain improvements now incorporated in Model 8. Among them are:

- Silence of Operation**—The most silent running efficient typewriter ever placed on the market. Absolute silence has been very nearly attained.
- Decimal Tabulator**—A help in billing and tabulating. There is no extra charge for this convenience.
- Variable Line Spacer**—Enables the operator to start on a given line and space from point of starting; also to write on ruled lines whose spacing varies from typewriter spacing. A great help in card work.
- Faster Ribbon Feed**—Insures new place of impact for each typeface.
- Choice of Carriage Return**—Upon special order the new left hand carriage return will be furnished in place of the right hand return.

All the important features of previous models have been retained—ball bearing carriage, typebars and capital shift, back spacer, key-controlled ribbon, removable platen, protected type, flexible paper feed and automatic ribbon reverse.

Write for New Catalog of Model 8. It will explain why the L. C. Smith & Bros. Typewriter is a synonym for superior service.

M. P. LIPE, REPRESENTATIVE, SANFORD and Daytona.

OFFERS A BILL TO RESTRICT LOBBYING

WASHINGTON, Jan. 4.—Gone are the days when national legislation was made in the corridors and committee rooms of the national capital. Gone is the picturesque and much denounced institution known as the "lobby". Proponents or opponents of legislation before Congress must tread the straight and narrow path or beware of an investigation committee. And now Rep. C. B. Smith of New York proposes to go further and to regulate closely the activities of all concerned in putting measures through Congress. Rep. Smith will press a bill proposing "to suppress lobbying and to provide for the registration of persons employed to advocate or oppose legislation measures and to regulate the method of such advocacy or opposition."

Representative Smith's bill would provide that every person, firm, corporation or association employing anyone to advocate or oppose legislation in Congress must register with the Secretary of the Senate and the clerk of the house. In registering the in-

terested persons would be required to furnish information as to their business, their interest in legislation, and the names of the persons employed to press or oppose such legislation. The "lobbyist" employed would be given a certificate by the Secretary of the Senate or the clerk of the House, upon the payment of a \$3 fee. No "lobbyist" would be allowed to appear before committees or to otherwise seek to influence legislation unless provided with such a certificate.

Both employers and employees in lobby work would be required by the Smith bill to file itemized, detailed accounts showing all of the money expended or collected in connection with influencing legislation. No "lobbyist" would be allowed to accept employment to seek to influence legislation upon a "contingent" fee. All of the records of the lobby registration would be at all times open to the public.

The bill would provide for the imposition of a fine of from \$200. to \$5,000 or imprisonment for not less than one nor more than two years, or both, as a penalty for all violations of the act.

Representative Smith's measure is now before the House Judiciary com-

mittee and the New York representative has made representations seeking an early hearing on the bill. He asserted that "insidious" lobbying still continues despite the efforts to prevent it, and that only the registration of every "lobbyist" will clear up the situation.

MADE FINE CATCH BASS AND TROUT

H. R. Bauers, of Binghamton, N. Y., B. H. Smith, of Caro, Mich., and F. W. Skirlo, of Sebawaing, Mich., all regular winter residents of Daytona, enjoyed a very successful fishing trip to Bulow creek Monday in Mr. Smith's boat, the Michigan Girl. The party left here in the forenoon and returned just before dark with a handsome catch of bass and trout, numbering between 40 and 50 and weighing over 100 pounds. It was certainly a fine looking lot of fish and attracted much attention and favorable comment from those who saw the catch.

To live in Daytona is to enjoy life.

LAST OF ROBBER BAND NOW IN ORLANDO JAIL

The leader of the band of newspaper thieves that robbed F. A. Newell's house on Ridgewood avenue and broke into Jimmy Clark's store in Midway about a month ago, has just been apprehended in Orlando. The Orange county sheriff is holding him in jail pending his transportation to DeLand for trial.

Chief of Police Milton successfully trailed the other three members of the band shortly after the robbery occurred. They were caught in a house out in Midway, but while Chief Milton and his deputy were breaking in, the leader, George Tyson, managed to make his escape over the roof.

The three marauders were brought to trial during the last session of court because they all turned state's evidence against Tyson. They will now receive a joint trial with their leader.

A Fool He Was!
A young officer rather new to his work was drilling a squad of recruits and gave the word of command, "Lift the right leg." One of the soldiers by mistake raised his left leg, so that it joined closely to the right of his neighbor. "Good gracious," exclaimed the astonished officer, "that fool has lifted both legs!"

The result was that he arrived at a perception envied by an Athenian potter."

MRS. D. B. ROGERS CLAIMED BY DEATH

EARLY RESIDENT OF DAYTONA
PASSES AWAY AT HORSEHEADS, N. Y.—WELL-KNOWN TO OLDER SETTLERS.

D. D. Rogers received a telegram late Monday afternoon from Horseheads, N. Y., conveying to him the sad news of the death that day of his aged mother, Mrs. D. B. Rogers, who was making her home with her daughter, Mrs. J. S. Van Duser, in Horseheads. Mrs. Rogers was 92 years of age and except for the feebleness attending her advanced years had been enjoying good health almost up to the time of her death. Her mental faculties were wonderfully preserved and she often dwelt with pleasure on her residence in this city, having with her husband and other members of the family lived for a number of years during the early days of Daytona, the residence being located on the river front about where now stands the Bingham & Maley company store.

Mr. Rogers left this morning to attend the funeral services at Plainfield, N. J., where the interment will be made beside the remains of his father, who died in this city in 1884. He expects to be North for about 10 days. Mr. Rogers will be joined in New York by his daughter, Miss Mabel T. Rogers, who has been in that city for several months.

Mrs. Rogers is survived by three sons and two daughters and a number of grandchildren and great grandchildren. Her surviving children are, in addition to D. D. Rogers, of this city, L. T. Rogers, of Plainfield, N. J.; D. H. Rogers, of Alfred, N. Y.; Mrs. J. W. Terhune, of Dorchester, Mass., and Mrs. J. S. Van Duser, with whom she had of late years made her home in Horseheads, N. Y.

Mrs. Rogers and the several members of her family who have visited here are well-known to many Daytonians, especially among the earlier settlers of the city who will regret

to learn of her death. The members of the family in this city and elsewhere will have the sincere sympathy of many friends here in their bereavement.

Mrs. M. L. Stanley, president of the Palmetto club, is in receipt of a telegram from William J. Bryan, stating that he will deliver a lecture at the Palmetto clubhouse Friday evening. His subject will be "The War in Europe and Its Lessons for Us."

A nominal charge will be made for admission, and it is anticipated that a large crowd will be present to hear the great orator.

First Principle of Precept.
Impossible is the precept. "Know thyself," till it be translated into this partially possible one, "Know what thou canst work at."—Thomas Carlyle.

Sounds Fishy.
A New York lawyer tells of a case tried in a fishing town of Massachusetts, during which the chief witness under cross-examination refused to state the amount of his gross income. "You must answer the question," said the judge. "But, Your Honor," said the man, "I have no gross income; I am a fisherman, and it's all net."

Important Point Overlooked.
One day a crowd of little children were invited to a party to be held from three till five. About five minutes of five Mary got up and going over to her little host, Johnnie, said: "Why Johnnie, it is pretty near five o'clock and you haven't given us anything to eat yet."

PUBLIC EXPRESSION OF APPRECIATION

WINTER VISITOR HOPES SUGGESTION OF PUBLIC TESTIMONIAL OF APPRECIATION TO COMMODORE BURGOWNE WILL

O. L. Broadbent, writing to the assistant editor of the Daily News from Philadelphia, Pa., December 31, says: "Earlier in the season it did not look as if we were going to get down to see you this winter, but I am pleased to be able to say that things seem to be working our way just now and we are hoping to leave for 'The Most Beautiful Winter Resort in the World' about the middle of January. It is hard, you know, to resist the many attractions of the place after you have once had the privilege of

becoming familiar with them and then we have personal ones besides, which have lately been added to." (Mr. Broadbent here evidently refers to his son-in-law and daughter, Dr. and Mrs. F. J. Walter, and their infant daughter, Mary Eleanor.)

"We are pleased to know that you have Saracina's band again, through the generosity of your public-spirited citizen, Commodore Burgoyne. It seems to me that he has done so much for the welfare of your town that he is deserving of some public testimonial in acknowledgement of his many gifts. Something of the sort, I see, was recently suggested by one of your leading citizens and I hope the suggestion made will materialize in due time."

Mr. and Mrs. Broadbent's friends here will be glad to learn of their change of plans and that they are again coming to Daytona for the season or what still remains of it.

Mr. Broadbent's reference to the suggestion made recently by Dr. Walter of a fitting public testimonial of appreciation of Commodore Burgoyne's many gifts to Daytona finds an echo in the hearts of scores of residents and winter visitors. May it not be accomplished by inaugurating "Burgoyne Day," with a celebration on the completion of his latest gift to the city, the Burgoyne band casino?

WIRES TO WIFE OF DEATH OF MOTHER

Robert Roedel, who was summoned to Pittsburg, Pa., a week ago by the critical illness of his aged mother, wired Mrs. Roedel Sunday noon that his mother died that morning at about 5:30 o'clock. Mrs. Roedel was 88 years old. The funeral was to have been held today. Mrs. Robert Roedel thinks Mr. Roedel will not return to Daytona until the last of the week and may be accompanied by his father, Charles Roedel, who is 90 years of age. Mr. Roedel and family are occupying for the season the Bennett hotel cottage on North Ridgewood avenue.

When you use perfume and call it such, do you think how the name came about? It means, in Latin, "from smoke," and the name proves that the first perfumes were only aromatic woods or gums that scented the air when burned.

"SEAFOAM" TO LEAVE FOR ST. AUGUSTINE

VARIOUS PLEASURE CRAFT NOW ANCHORED AT DAYTONA—SEMINOLE THE LATEST ARRIVAL. GREY DUCK HERE.

Captain A. L. Lind, of the "Seafoam," will leave with his boat tomorrow to meet Fish Commissioner T. R. Hodges at St. Augustine on Friday. He will cruise through the canals, although the "Seafoam" is equipped for ocean travel.

The commissioner is now at Boca Grande on the west coast, aboard another power yacht belonging to the service, on official business. While the "Seafoam" lay here in Daytona the captain overhauled her thoroughly.

She cruises in southern waters to protect the fish and oysters from poachers. Many parts of the coast are apportioned off by the government as "preserves." People caught fishing or hunting on these preserves are liable to heavy fine and imprisonment.

S. E. Bullard, of this city, will leave either today or tomorrow for a duck-hunting trip down the river on his yacht, "Kiwi." His party will spend several days cruising and shooting.

The "Virginia," a raised-deck cruiser of 35 feet, belonging to R. T. Durrett, of Louisville, Kentucky, has been put in commission at McDonald's ship yard. Mr. Durrett has made several changes in his boat. The cabin was raised almost a foot to allow headroom below and the cock-pit cut back.

The owner is expected to arrive from Louisville in his racing Lozier roadster in a few days. His mother is already in possession of Mrs. C. A. Roberts' cottage on South Beach street, where she has spent the last two winters.

The houseboat "Seminole," on her way to Palm Beach, belonging to Mr. Phipps, tied up last night alongside the dock on the cement bridge. She is a handsomely equipped 100-foot vessel particularly built for cruising in southern waters. She came down from St. Augustine through the canals and will stay in Daytona for some little time.

The "Grey Duck," a 90-foot power yacht owned by Mr. Sturtevant, of Boston, which arrived in the harbor Sunday, will leave at the end of the week on a continuation of her southern

cruise, if the weather proves favorable.

The bright sunshine of Florida will draw great numbers of pleasure craft out of the cold northern waters should it continue to favor the state with its smile.

"RAW" TREATMENT OF DR. J. B. ROSS, DAYTONA MAN, AT LAUDERDALE

An experience recently met with by a Daytona citizen, Dr. J. B. Ross, is related in the following story printed a day or two ago in the Palm Beach Post:

"They have a curious way of doing things at Lauderdale. Dr. J. B. Ross recently took a trip to Miami in his yacht, 'Alice Ross,' and had occasion to ascend New river as far as the capital of Broward county to replenish his stock of provisions. Among his hands is a colored man who has sailed with Mr. Ross for the past five years.

"Mr. Ross had no sooner made his yacht fast to the dock than, he states, he was rudely accosted by a party of men styling themselves delegates of the labor union, and warned to leave there or stay at his own peril. He was told that the dock was not intended for 'niggers,' and that they had no use for colored sailors or chauffeurs. Mr. Ross pointed out to the excited invaders that this was hardly a courteous way to treat tourists who proposed to spend some money in their town, but was informed that they were a farming community and cared nothing for the tourist trade.

"Being unable to find an officer or the mayor, Mr. Ross deemed it best to drop down to the inlet for the night—as it looked as if his boat might be cut adrift or his crew maltreated. This story rests upon unimpeachable authority, but it would seem that the delegates were not what they described themselves to be unless some form of alliance exists in Broward county between the farmers and the labor unions."

If you read it in the Daily News it is pretty apt to be just that way.

ASSESSOR WILSON GOT STUCK IN MUD

County Assessor S. B. Wilson was in Daytona today on the way to his home in DeLand from a trip to Titusville. Mr. Wilson experienced difficulty in driving his car from Titusville Monday night. Just before reaching the Volusia county line he turned out of the road to let another car pass and before he knew it his car was mired to the hubs. The car remained mired in the mud for three hours and it was only with the assistance of another car that Mr. Wilson was able to extricate his own car.

"THE PRINCE AND THE PAUPER" AT CRYSTAL

Daniel Frohman will present Marguerite Clark in a clever photo-play adopted from the famous book, "The Prince and the Pauper," Tuesday afternoon and evening at the Crystal theatre.

The play is produced by the Famous Players company and represents one of the finest bits of photography in the history of the moving picture. Miss Clark ranks high as an actress of the "silent stage" and also holds no mean reputation on the "legitimate."

The story of "The Prince and the Pauper" hangs on the original plot of a sudden exchange of places between a rich prince who is heir to a throne and a pauper in rags who looks identically like the young nobleman. Through a cleverly woven chain of circumstances the two youngsters change places. The royal family does not recognize the deception and the prince, who finds himself a beggar, cannot return to the castle.

The pauper, unused to the ways of the wealthy, does many amusing things, though he attempts to persuade his supposed father and mother

of the fraud taking place. Of course they refuse to believe him and fear for his sanity.

The king dies suddenly and thus the little pauper finds himself in the not unenviable position of ruler of the country. A moment before the coronation the prince manages to break through the guards and rushes up to the throne. After much heated discussion caused by the exact resemblance of one for the other, the royal family are convinced and the pauper takes a high position in the court of the real king.

The most remarkable feature of the production—something that has made every "movie" director sit up and take notice throughout the land—is the fact that Miss Clark plays both leading parts. In other words she is on the screen, playing opposite herself. The effects thus produced are indeed astounding.

Miss Clark is well known in every motion-picture theatre in America and her petite acting, her attractive personality and her ability to hold an audience spell-bound promises even more popularity for her than she now enjoys.

POPULAR MECHANICS EDITOR PRAISES THE MORNING HOTEL NEWS

H. H. Windsor, the genial editor and owner of Popular Mechanics Magazine, was in the News office Monday morning for the purpose of extending congratulations to the Morning Hotel News. Mr. Windsor declared that the new publication is "bully, great, fine," and that the two editions previously issued were among the best papers of their class he ever had the pleasure of reading, adding that he predicts a most successful career for the Hotel News. It was Mr. Windsor's expressed opinion that the paper will prove a powerful advertising medium.—In fact, he had nothing but "words of praise" for everything connected with it, including that feature which provides for the distribution of the paper among hotel guests through the courtesy and at the expense of the proprietors of the hostilities that advertise in the paper.

Discussing the Rockefeller "news" which appeared in the Sunday edition of the Morning Journal, Mr. Windsor declared that when the matter was brought to his attention he was inclined to disbelieve the whole story, as it did not appear in any of the Gazette-News company's publications.

Daily Thought.

I make the most of my enjoyments; and as for my troubles, pack them in as little compass as I can for myself, and never let them annoy others.—Southey.

Early American Plows.

The first important invention of a plow in this country to be patented was by Jethro Wood in 1819. He was a resident of Scipio, N. Y., and the first patent for a sulky plow in America was granted to H. Brown in 1844, but practical plows of this type were not made until 1854.

Eclipses of the Sun.

Two eclipses is the least number that can occur in any one year, and these must be of the sun. No more than seven can take place in any one year, and five of these must be of the sun.

Daily Thought.

Persons and events may stand for a time between you and reckoning, but it is only a postponement. You must pay at last your own debt.—Emerson.

Mr. and Mrs. Herman Gerham left Sunday for their home, 1252 Bonnie View, Lakewood, Ohio. Mr. and Mrs. Gerham, who stopped at the Magnolia, where they were very popular, came to Daytona ostensibly for a few days, but were so delighted with the city that they stayed for several weeks. Mr. Gerham is a traveling salesman for Reed Brothers, wholesale milliners, of Cleveland, Ohio.

LEASES BIG HOTEL IN MOBILE, ALABAMA

Mrs. S. H. Peck returned Monday afternoon from Mobile, Ala., to which place she went last week, accompanied by her son, William Henry Peck, who was returning to Boston, Mass. Mr. Peck has leased for a period of 15 years the Battle house, Mobile's principal hotel, a modern, fire-proof building, and Mrs. Peck is here to prepare for the removal of the family to Mobile, expecting to leave the last of this week. They had planned to spend the winter in Daytona, occupying the home of Mr. Peck's sister, Mrs. D. A. Blodgett, on South Ridgewood avenue, and their change of plans will be a great disappointment to friends here. Mr. Peck and family are from Grand Rapids, Mich.

"THE ALTERNATIVE" AT ARCADE THEATRE

At the Arcade theater Tuesday will be shown "The Alternative," in three parts. The leading characters are played by Constance Crawley and Arthur Maude.

The story is as follows:

Pendleton and Woodburn are in love with May Van Buren, a woman of wealth and society. Both suitors are apparently well-to-do. Woodburn accidentally discovers one of May's millinery bills while waiting to propose to her. This convinces Woodburn it is useless for him to think of marrying her on his present income. Woodburn gives up his visions of becoming a husband and leaves Pendleton with a clear field. Then Woodburn inherits a fortune, but his second vision of proposal is checked by the announcement of May's engagement to Pendleton.

Woodburn, bitter with disappointment, plans to ruin Pendleton financially.

The bride helps Woodburn unintentionally by extravagant demands on Pendleton's purse. May appeals to Woodburn, who artfully arouses her suspicions regarding her husband's fidelity.

Woodburn becomes a secret enemy of Pendleton on the stock exchange. Pendleton, on the verge of ruin, appeals to Woodburn for a helping hand. The latter proposes that the two deal cards, Pendleton to have the money if he wins, Woodburn to have Pendleton's wife if he (Woodburn) is successful. Pendleton is forced to agree. Woodburn returns. Pendleton returns home heartbroken. May is trying on some gowns. He enters the library and after a mental struggle writes a note of confession. Woodburn, meanwhile, tells his mother of his victory. She begs him to help Pendleton because the latter's father once saved them from dire misfortune. Woodburn is touched by his mother's pleading and writes Pendleton a note telling him that he will not claim his winning. May discovers Pendleton with a revolver. She reads the note and understands. She pleads with her husband and the two decide to start life anew. Pendleton agrees and the two henceforth are happy.

ACTION PROMISED ON SUB'INE CONTROVERSY

LONDON, Jan. 4.—It is probable that American Consul McNeely went down with the ill-fated Persia. Consul-General Skinner today cabled the state department from India that Consul McNeely's name was not on the list of survivors. Charles Grant is reported saved. The fifth boat from the Persia arrived today at Malta, swelling the number of survivors to 168. The sixth boat has failed to put in an appearance and the authorities could get no trace of her.

An unofficial report from Alexander received in this city states that the steamer, Glengyle, was sunk without warning. Nine persons are believed to have perished, but no Americans were among them.

BRITISH RECRUITS CALLED OUT.

LONDON, Jan. 4.—A government proclamation issued today called upon the sixth, seventh, eighth and ninth groups of recruits that have been enrolled under the Derby scheme. They will begin reporting on February 8.

PRESIDENT REACHES WASHINGTON.

WASHINGTON, Jan. 4.—The President and his bride arrived at the White House at 8 o'clock this morning.

CONGRESS RESUMES STRUGGLE.

WASHINGTON, Jan. 4.—Congress has today resumed the fierce struggle over national preparedness and legislation to refill the depleted treasury. The matter of foreign relations of the United States with the warring powers is also being discussed. The Philippine bill is now ready for the senate and the house committees are working on big appropriation bills.

HUERTA'S RECOVERY DOUBTFUL.

EL PASO, Jan. 4.—There seems little chance for General Huerta's recovery. He was operated upon again today with slight if any benefit.

3,179,000 BRITISH TO JOIN COLORS.

LONDON, Jan. 4.—1:35 p. m.—The recruiting figures compiled by Lord Derby covering a period from October 23 to December 15 show that 1,500,000 unmarried men and 1,679,000 married men have given themselves for service in the English cause. 220,000 are available at once and the rest will report in the near future.

CATHOLIC LADIES' SOCIETY WAS ORGANIZED MONDAY

The Ladies' Card club of the Catholic church of Daytona, which is organized for the welfare of tourists, met Monday afternoon with Mrs. E. T. Conrad on Orange avenue. A very successful meeting was held. Among the ladies were Mrs. E. T. Conrad, Mrs. F. N. Conrad, Mrs. Ernest Kreitzberg, Jr., Mrs. J. B. Uebelhoer, of Seabreeze, Mrs. Nelson and Miss Nelson, Miss Mabel Morgan, Miss Sherlock, Miss Kyne, Miss Small.

This club enables Catholic tourists visiting Daytona during the winter to

be introduced and by this means to enjoy the pleasures of social life at this resort.

A nominal fee is requested of each member, and the proceeds go to the support of the church.

LITTLE MISS FOOTE ARRIVED LAST NIGHT

A fine nine-pound baby girl arrived at the home of Mr. and Mrs. G. H. Foote, Jr., in this city at about 9:30 o'clock Monday evening, and both Mrs. Foote and baby are doing nicely. The little lady will be known as Mary Jane Foote. Dr. G. A. Knox was in attendance.

CONRAD WILL BID ON BONDS, REGARDLESS OF OPINION

SCHOOL BOARD AUTHORIZES ADVERTISEMENTS CALLING FOR BIDS ON DAYTONA DISTRICT SCHOOL SECURITIES.

Regardless of what the final opinion of the New York bond lawyers, Dillon, Thompson & Clay, may be as to the legality of the \$75,000 school bond issue voted by the Daytona district, the county board of public instruction voted Monday evening to call for bids on the securities.

In a preliminary opinion rendered some days ago the New York lawyers intimated very strongly that the bonds were, in their opinion, illegal. At the meeting Monday evening F. N. Conrad, cashier of the Merchants bank of Daytona, as well as F. J. Niver and W. M. Hankins, of the local trustees, were present. Mr. Conrad stated to the members of the board that he would submit a bid of par for the securities should bids be called for; Mr. Hankins stated that he had information that the state of Florida would bid par, and that he was of the opinion that an even bet-

ter bid would be submitted by Jacksonville capital. With this encouragement the board concluded to advertise for bids.

SMALL ROOF BLAZE CALLED OUT DEPARTMENT

A fire in the roof of a house owned by Fred Stones and occupied by Mrs. W. H. Higginbotham, on Bellevue avenue, called out the department shortly after 3:30 this afternoon. Damage to the extent of probably \$100 was done. Chemicals were used and the water was turned on.
